

Please put in the agenda of the 2024 Clubs New Zealand North Island Men's Tournament Delegates meeting our notice of motion as follows: -

"I move that the individual handicap in the tournament rule No 3 be amended from 24 to 30."

Alan Bush for Tauranga Citizens Club

Background

At the last years delegates meeting in Rotorua after the combined team handicap of 24 was removed from rule 3, I asked if the maximum handicap can be changed to 30 to help make it easier for players to qualify for future tournaments. After discussion it was decided that a formal motion would need to be put to delegates this year. After a further discussion at our club, we decided to formally submit a motion, as we considered this would be of benefit to Clubs NZ men's golf.

The first sentence of an amended rule 3 would read: - "That the maximum New Zealand handicap index of any individual player be 30 with no minimum or maximum threshold for the total of the 3 person team's combined handicap."

Thank you

Alan Bush – Tauranga Citizens Club
